PROFESSIONAL SUMMARY

Motivated B.Tech student (2027) with Creative and fast-learning IT student with hands-on experience in full-stack development, Flutter apps, and AI-driven solutions. Skilled at building modern, user-friendly web and mobile applications using React.js, Flask, Python, and Firebase. Passionate about turning ideas into real-world digital products with clean design, smart functionality, and continuous innovation.

EDUCATION

AAA college of Engineering and Technology , Sivakasi
Bachelor of Technology-IT ; CGPA: 8.20

Sivakasi, Tamilnadu
June 2023 - June 2027

SKILLS SUMMARY

Languages: Python, C, Java, SQL, HTML, CSS, JavaScript.

Frameworks & Libraries: React, Flask, FastAPI, NumPy, Pandas.

AI Tools: Chatgpt, claude, N8N, Canva AI, Figma AI.

Core Concepts: REST APIs, Data Science Basics, DSA , IoT Basics , UI/UX Design.

Tools & Technologies: Excel, MYSQL, Power BI, Figma, Canva, Docker, Github.

Platforms & IDEs: Visual Studio Code, Android Studio, PyCharm, Jupyter Notebook, Google Colab, Eclipse, Antigravity.

Soft Skills: Communication, Team Collaboration, Time Management, Problem-Solving Skills, Quick & Always Learning Content Creation.

WORK EXPERIENCE

WEB DEVELOPMENT | AB TECHNOLOGIES

NOV 2025 – DEC 2025

- o Developed responsive web interfaces using HTML, CSS, and JavaScript, focusing on clean layout design and usability.
- o Structured and implemented UI components to ensure consistent user experience across different screen sizes.
- o Built and tested multi-page web applications, improving frontend functionality and responsiveness.

FULL STACK WEB DEVELOPMENT | CODETECH IT SOLUTIONS

JUL 2025 – AUG 2025

- o Completed a 4-week virtual internship focused on Full Stack Web Development concepts.
- o Developed responsive frontend interfaces and collaborated on full-stack web application modules using modern development practices.
- o Worked with MERN and MEAN stack fundamentals to build scalable web applications and improve backend–frontend integration.

PROJECTS

FINANCE MANAGEMENT SYSTEM | Name: EXPENSE MATE (FLUTTER APP) | Dart, SQLite, Firebase.

- o Built a flutter app to manage finance, stores payment records and provides spending alerts.
- o Implemented Flutter, Authentication, SQLite database and Cloud Firebase.

FOOD SELECTER SYSTEM |Name: NUTRI FOOD (FLUTTER APP) | Python.

- o Developed a smart nutrition and food management application focused on healthy diet tracking and user health monitoring.
- o In scanning a food to calculate calories and AI suggestions.

IoT SMART PARKING SYSTEM | Components: Arduino, ESP82, HC Sonic Sensor, Light Sensor, Buzzer.

- o Built IoT system for parking with detection and alert.
- o Implemented sensor-based data collection and automated alerts.

CERTIFICATES

- TCS iON Career Edge - Young Professional.
- TCS iON Career Edge - IT for Non-IT.
- FORAGE - Cybersecurity Analyst Job Simulation.
